Report on NDLI Activity: Seminar on 'Role of IEEE Digital Archive in Research'

On 19th April 2024, IQAC along with NDLI Club of RCCIIT have organized one day seminar entitled 'Role of IEEE Digital Xplore in Research', where Mr. Raj Malhotra, Training manager, IEEE India East has delivered the talk. He explained in detail how IEEE Xplore can help in enhancing research process apart from paper downloading. He also emphasized the various methodologies of utilising the archive for personal use. More than 40 faculties and students have attended the session. The session became interactive as various participants raised queries about the extent of services available through the Xplore. A few glimpses of the event are given below:
